Summary

Computer Science undergraduate (2027) with a CGPA of 9.28, strong foundation in Data Structures & Algorithms, Python, Java, SQL, and Object-Oriented Programming. Solved coding problems on LeetCode and GeeksforGeeks with hands-on experience building computer vision and machine learning applications. Passionate about developing scalable software systems and continuously improving problem-solving skills.

Projects

AI Resume Analyzer | *Python, Flask, MySQL*

January 2026 – March 2026

- Developed an AI-powered Resume Analyzer to evaluate resumes, generate ATS scores, and provide personalized improvement suggestions.
- Integrated LLM APIs, resume parsing, and keyword matching using RESTful APIs for intelligent resume analysis.
- Designed a responsive web application with secure file uploads and MySQL for storing user and analysis data.

Face Recognition Based Attendance System | *Python, OpenCV*

September 2025 – November 2025

- Developed a real-time Face Recognition Attendance System using Python and OpenCV to automate attendance management.
- Implemented face detection, recognition, and automatic attendance logging with timestamps using image processing techniques.
- Built a modular application with optimized recognition performance and efficient attendance data management.

Skills

Languages: Python, Java, SQL , JavaScript

Web Technologies: HTML, CSS

Tools: Git, GitHub, OpenCV, Pandas, Numpy, VS Code

Core CS: Data Structure & Algorithms, Object-Oriented Programming, Operating Systems, DBMS, Computer Networks, Software Engineering

Achievements

- Qualified **GATE 2026 (Computer Science)** with a **Score of 484** and an **All India Rank (AIR) of 8659**.
- Solved **100+ Data Structures & Algorithms** problems on **LeetCode**.
- Earned the **GeeksforGeeks Data Structures & Algorithms Certificate** after completing a comprehensive DSA course and solved 400+ problems.

Awards & Certifications

- **Data Structures & Algorithms Certificate – GeeksforGeeks (2026):** Completed comprehensive DSA course covering Arrays, Strings, Linked Lists, Trees, Graphs, Dynamic Programming, Greedy, Backtracking, and Recursion.
- **Software Engineering Certificate – Saylor Academy (2025):** Completed assessments on applying Engineering Principles to Software Development and Software Development life Cycle .
- **AI-ML Virtual Internship Certificate by Eduskills – Google for Developers (2025):** Hands-on Experience with Basics of Tensorflow and google cloud.
- **Course Completion Certificate – Infosys Springboard (2025):** Hands-On Computer Vision with OpenCV.
- **Database Programming with SQL – Oracle Academy (2024):** learned to design, build, and extract information from relational databases using the SQL programming language.

Education

B.E Computer Science and Engineering

2023-2027

Maturi Venkata Subba Rao College, Hyderabad

CGPA: 9.13 / 10

Intermediate MPC

Graduated: 2023

Alphores Junior College, Karimnagar

CGPA: 9.68 / 10

Board of Secondary Education

Graduated: 2021

Krishnaveni Talent School, Peddapalli

CGPA: 10 / 10
